(a) The provisions concerning sick leave injury (SLI) benefits in this subchapter apply to full and part-time State employees in the career, senior executive and unclassified services. SLI benefits for employees in intermittent titles will be based on the expected length of service.

(b) An employee who is disabled due to a work-related injury or illness shall be granted a leave of absence with pay.

1. An employee who can return to work on a part-time basis shall be compensated for the hours actually worked and receive SLI benefits for the hours missed due to the disability.

2. SLI benefits shall be reduced by the amount of any temporary disability payments under N.J.S.A. 34:15-12 (Workers' Compensation) or N.J.S.A. 43:21-25 et seq. (Temporary Disability Benefits Law).

3. Benefits are limited to a period beginning on the initial date of the injury or illness and ending one year from that date.

i. Benefits shall not be paid for any absence from work occurring more than one year from the initial date of the injury or illness, even if the aggregate period of disability does not exceed one year.

ii. In cases of disorders as set forth in (c)4 below, the one year period shall begin with the first date of disability from work.

4. An employee receiving SLI benefits may also be entitled to medical leave under Federal law. See N.J.A.C. 4A:6-1.21B.

(c) The disability must be due to an injury or illness resulting from the employment.

1. Injuries or illnesses which would not have occurred but for a specific work related accident or condition of employment are compensable.

2. Preexisting illnesses, diseases and conditions aggravated by a work-related accident or condition of employment are not compensable when such aggravation was reasonably foreseeable.

3. Illnesses which are generally not caused by a specific work-related accident or condition of employment, are not compensable except when the claim is supported by medical documentation that clearly establishes the injury or illness is work related.

4. Progressive, degenerative or repetitive motion disorders, such as asbestosis or carpal tunnel syndrome, are compensable only when the claim is supported by medical documentation clearly establishing that the disorder would not have occurred but for the performance of specific work duties.

5. Psychological or psychiatric illness is not compensable, except when such illness can be traced to a specific work-related accident or occurrence which traumatized the employee thereby causing the illness, and the claim is supported by medical documentation.

6. An injury or illness is not compensable when the appointing authority has established that the employee has been grossly negligent, including those injuries or illnesses arising from impairment due to alcohol or drug abuse.

(d) Any accident resulting in injury for which the employee seeks compensation must occur on the work premises.

1. Work premises are the physical area of operation of the appointing authority, including buildings, grounds and parking facilities provided by the State.
2. An injury occurring off the work premises is compensable only when the employee is engaged in authorized work activity or travel between work stations.

(e) For the injury to be compensable, it must occur during normal work hours or approved overtime.

1. Injuries which occur during normal commutation between home and the work station or home and a field assignment are not compensable.
2. Injuries which occur during lunch or break periods are not compensable. However, employees who are required by the appointing authority to remain at a particular job location during lunch and/or work-break shall not be precluded from receiving SLI benefits.
