INTERPRETIVE STATEMENT

NO

This proposed constitutional amendment prohibits the collection by the State of assessments based on employee wages and salaries for any purpose except paying employee benefits (or making other employee-authorized or federally required payments, in the case of the State's own employees), dedicates all contributions made to the unemployment compensation fund, the State disability benefits fund, or any other employee benefit fund, and all returns on investments of those contributions, to the purpose of that fund, and prohibits the use of those contributions or returns for any other purpose. The requirements of this proposed amendment do not apply to the gross income tax, which is exclusively dedicated by the Constitution to the purpose of reducing or offsetting local property taxes.
